APIX's roles

- The first contact and managing each project till closed
 - The process will be detailed during the first pilot project

Recruiting volunteers from APIX members!

Why is APIX joining this collaboration?

- APIX is an organization of open and neutral internet exchanges in Asia Pacific region
- One of the APIX objective is to increase such open and neutral internet exchanges here in APAC, which will make the internet in a country/economy more stable, reliable, and affordable
- APIX does not have sufficient funds to support them, but ISOC and APNIC Foundation have funds and a will to support.
- And expecting these internet exchanges to become APIX members and to give their hands to help the following internet exchanges
