#### Recent Work

- New Supporting Infrastructure
  - Previously hosted in Australia by IAA
  - Now hosted by a local NZ provider on our own Kubernetes stack
- Recently built a 400G optical ring around Auckland
  - SmartOptics 4x 100G Muxponders
- New Website <a href="https://ix.nz">https://ix.nz</a>
- New Portal

## Portal - Network Automation

# NZIX Portal Upgrade!

- Development on the new portal is progressing well; should be ready for deployment by September 2024
- Completed so far:
  - Branding/theming
  - Updated and validated import of data from the current portal
  - Payment gateway integration
  - Redesign of application form to streamline onboarding
  - EdgeConnect support
- Needs testing and cutover!
